

A space-themed background featuring a view of Earth from space, showing the Americas. Several bright, streaking meteors are visible against the dark starry sky. A thick, curved cyan line separates the top image from the text below.

# Field Day 2023 St Clair Amateur Radio Club

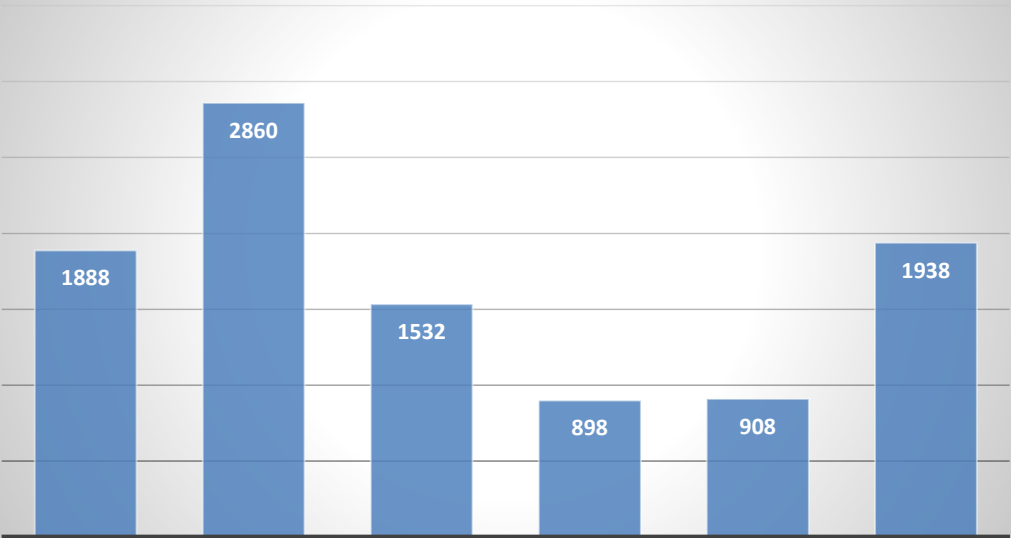

24-25 June 2023 Pleasant Ridge Park

# Summary

A blue gradient background with a curved horizon line. Above the horizon, a portion of the Earth is visible, showing continents and oceans. Several bright streaks, resembling meteors or shooting stars, are visible in the dark space above the Earth.

- Total 1888 Points
- 1050 Bonus Points
- 419 QSOs
- 31 People signed in, with 10 Operating
