ARES/RACES net is a Directed Net
and is normally conducted by
Gene Kramer, WA9TZL
(Tuesdays following the Club “on-
the-air” meeting.)

Bob Heil, K9EID, stopped by the SCARC K9GXU FD site and is explaining his Pine Board transmitter to perspective Hams, Logan and Zachary. KC9MZ photo

Field Day 2018

We had a very successful FD with 30 visitors and participants! Thanks go out to our cook, Al, KC9TPD. And the antenna crew, Michael, KA9HNT, Tip, N9MVX, Dan, KD9ADB, and Jim, KD9FQC. Thanks to Rich, K7DZE, for the use of his great comm trailer. There will be a full report in next month's SCAN.

Dean, K9JDW, readies his home brew satellite antenna for one of the FM birds. KC9MZ

Meeting Date, Time and Location: This month's meeting will be on June 28th at the Belleville Fire House #4. The meeting starts at 8:00PM. Many start to gather at 7:30PM. There will be testing a 7 o'clock.

New Members: New applications should be submitted to the Sgt. at Arms. Applications will be vetted by the Sgt. at Arms and will be brought forward for a vote at the next monthly meeting after being submitted. We look forward to meeting/greeting any new member because to grow our club, we must find people that love to talk (should not be too hard) and that would love to be on the radio. So putting the two together can make a dedicated enthusiast for HAM Radio. We welcome all new members and prospective members and thank them for their interest in Ham Radio.

The SCAN editorial staff would like to express our sympathy to Larry, K9LWW, and his family on the loss of his brother, George Wessels.

Bylaws Change

At the April meeting there was a motion approved by the membership to change Section 9 A of the Bylaws. The changes were read at the May meeting, this month we will vote on these proposals.

A summation is that we would like the prospective member to be in attendance at the club meeting when the club votes to approve their membership.

There was also a suggestion from the floor to make changes to codify something we have been doing through executive proclamation – waiving the dues for new hams that pass their initial license at our VE testing session. I've written this up as "Section 9 C Dues Waived for new Hams".

I'd like to see us approve both of these changes, especially 9 C. Other clubs offer waived dues for their new hams and I think it is a nice congratulations/welcome to the hobby that really doesn't cost that much to do. The way I wrote 9 C is to only waive the dues until the next calendar year.

I've attached both Section 9 A and C for your review.

Here are some short thoughts:

Don't forget to check in to Larry's, K9LWW, "Good Morning" drive time (7 – 8 am) net on our 2 meter repeater. Stop in and say HI!

The Western Illinois Amateur Radio Club (ILQP) has announced "The Illinois Bicentennial Challenge". This special event will start August 26th and end December 3rd. Here is a link if you are interested: <http://www.w9awe.org/Challenge.html>

Hope to see you at the meeting or on the air.

Remember to send anything you might have for SCAN to kc9mz@arrl.net

73 es gud dx,

Randy, KC9MZ

Current Bylaws

9. Candidate Member Requirements:

A. Application for Membership

Application for membership shall be completed by the prospective member and given to the Sgt. At Arms, who will oversee an investigation of the application. At the next general meeting the application will be voted on and if approved, provided to the Treasurer. Candidates for membership shall present prorated dues at the time the application is approved, if membership is denied, any dues paid will be returned to the applicant.

Proposed Changes

9. Candidate Member Requirements:

A. Application for Membership

Application for membership shall be completed by the prospective member and given to the Sergeant At Arms (SAA), who will oversee an investigation of the application. At the next general meeting, when the prescriptive member is present, the application will be voted on and if approved, provided to the Treasurer. Candidates for membership shall present prorated dues at the time the application is approved, if membership is denied, any dues paid in advanced will be returned to the applicant.

If the prescriptive member is not present at the next general meeting after their application is vetted, the application shall be kept by the SAA until the prescriptive member is present at a meeting.

If the prescriptive member cannot attend the next (or several) meeting because of some reason such as; work, military service, or health, the membership may vote on accepting the application and if approved, the candidate shall pay prorated dues to the Treasurer by mail.

Proposed addition to the Bylaws

9. Candidate Member Requirements

C. Dues Waived for New Hams

As an incentive to become a member, and to congratulate the new Ham on their achievement, someone who has passed their initial Amateur Radio license at one of our (SCARC) VE testing sessions, shall have their membership dues waived for the remainder of the calendar year. This section shall not remove the vetting requirements of Section 9 a. After the membership has approved the prospective member the Sergeant At Arms will provide the application for membership to the Treasurer who shall mark the dues "waived".

May 23, 2018

ILLINOIS SECTION NEWS

June 26, 2018

IARU Contest Update: This year two Illinois Section stations will host the call sign **NU1AW**. Craig Thompson K9CT will host the CW portion and Jerry Rosalius, WB9Z will host the phone poortion of the band.

Object: To contact as many other amateurs, especially IARU member society HQ stations, around the world as possible using the 160, 80, 40, 20, 15 and 10 meter bands.

Date and Contest Period: The second full weekend of July, beginning 1200 UTC Saturday and ending 1159 UTC Sunday (**July 14-15, 2018**). Both Single and Multi operator stations may operate the entire 24-hour period.

#####

Update on Logbook of the World and CQ Awards (4/18)

ARRL and CQ Magazine Announce Launch of CQ's WAZ Award Support on ARRL's Logbook of the World

Newington, CT and Hicksville, NY – April 2, 2018 Officials from CQ magazine and ARRL, The national association for Amateur Radio®, are excited to announce the launch of support for CQ magazine's Worked All Zones (WAZ) award program on ARRL's Logbook of the World (LoTW) system, effective Monday, April 2, at 10:00 a.m. EDT (14:00 UTC).

The goal of the project was to create the proper technical support system to enable amateur radio operators to submit LoTW confirmations for WAZ credit and that has been accomplished, say CQ and ARRL officials.

“We are very pleased that participants in CQ's WAZ award program will now be able to use their LoTW confirmations for award credit,” said CQ Editor Rich Moseson, W2VU. “CQ WPX Award participants have found it very helpful and we are sure it will be equally helpful for those pursuing WAZ and its many variations.”

ARRL First Vice President Greg Widin, K0GW, concurred. “Users of LoTW have been telling us for some time that they would like to use QSLs from LoTW to apply for the WAZ award. They will now be able to select confirmations to be used for WAZ credit.”

Beta testing for bringing CQ magazine's WAZ award program into ARRL's LoTW system had been underway since mid-December. Any problems in the implementation discovered by testers were corrected by the technical support team. Also, the documentation has been improved by feedback from the testers. At the same time, each LoTW user was given an additional WAZ account. Standard LoTW

credit fees and separate CQ award fees will apply.

Logbook of the World is ARRL's electronic confirmation system for amateur radio contacts. It provides a confirmation when both stations in a contact submit their logs to the system and a match between the logs is confirmed. LoTW has supported the CQ WPX Award program since 2012.

#####With support from member volunteers, ARRL will put Amateur Radio on display for visitors to [EAA AirVenture Oshkosh 2018](#) — the giant, annual airshow July 23 – 29 in Wisconsin, organized by the Experimental Aircraft Association ([EAA](#)). The event attracted more than 10,000 aircraft and nearly 600,000 visitors in 2017 to enjoy aerobatics displays, informative programs, hands-on workshops, and diverse aircraft spanning all eras of flight.

“The cross-over between Amateur Radio operators and pilots, aviation enthusiasts, and air show attendees has a strong correlation,” said ARRL Central Division Director Kermit Carlson, W9XA, who is part of the volunteer team organizing the ham radio exhibit at AirVenture. “Attendees include many licensed and prospective Amateur Radio operators.”

ARRL’s exhibit will promote Amateur Radio to newcomers and inform all attendees of the similarly diverse technology and innovation enjoyed by both hams and pilots.

“Ham pilots are doing all sorts of things from the sky, including long-distance HF communications, aircraft tracking using APRS beacons, and search and rescue,” Carlson said. “Developing the capability to communicate from your aircraft to a ham on the ground is also fun!”

ARRL has posted a [short survey](#) that invites pilots who are radio amateurs to share their ideas for exhibiting at EAA AirVenture 2018. The ARRL display will build upon existing ham radio demonstrations at the show, including EAA Amateur Radio Special Event station W9ZL, organized annually by the Fox Cities Amateur Radio Club in Appleton, Wisconsin, and set up at the Pioneer Airport airstrip in Oshkosh. W9ZL will be on the air throughout the week of the Oshkosh air show.

Amateur Radio Month in Illinois

Toward the end of May, Governor Rauner will be issuing a proclamation designating June as Amateur Radio Month in Illinois. I will be sending you a PDF of the document as soon as it is sent to me.

From a Public Information standpoint, the proclamation is a great news "hook" that you can use to reach out to media and community organizations in your area to tell them about your club's Field Day plans and about your club and members.

You may have been among those who received an e-mail from me in January (directed primarily club Public Information Officers or Publicity chairs) that sought specific ideas/experiences that helped promote club activities.

Below are some of the ideas ARRL-affiliated clubs across Illinois shared to help all of us be more effective in telling the public about amateur radio.

For Field Day:

If you're trying to draw the public to Field Day, make sure you send an announcement to that effect to your local newspapers, television & radio stations and on-line community calendars (including public libraries and area colleges and universities). Some publications and stations prefer an e-mail, others a press release or phone call. Check in advance. Ask their preferences *and* deadlines for providing information.

A quick flyer can be sent to libraries, schools, and community/supermarket bulletin boards for posting Field Day and Club event announcements.

Field Day can offer some excellent television and newspaper photo ops. Be sure to contact the assignment editors and the photo editors at least 10 days in advance and include a brief description of what you will be doing that would make a good visual (putting up a big antenna, talking on the radio, etc.).

Create a "Fact Sheet" and make it available to the reporter or photographer when they show up. Make sure it that explains Field Day and how, what, when, where, and why your club members are participating in this nationwide emergency communications exercise.

If there is a local radio or television morning talk show in your area, contact the guest coordinator or host by mail, e-mail, or phone to see if they would like to interview you or someone from your club to talk about Field Day. Give yourself time to arrange this. Guests are often booked weeks in advance. Be sure to send the booker/host your Fact Sheet.

For Field Day and in the weeks leading up to it, look for possible human interest stories that might spark a newspaper story or television interview to tie into Field Day.

In this category might be:

- the youngest licensed ham who will be getting on the air.
- the oldest licensed ham who will be getting on the air.
- Scouts working toward their amateur radio merit badge.
- How your club uses what they do on Field Day to interact with the community in emergencies.
- Club members who have traveled to other areas to help with emergency communications.
- School ham clubs who are participating with your club.

Promoting what you do as an organization doesn't stop with the media.

June could be a great time to have representatives of your club speak (and show a powerpoint) about what you do on Field Day and throughout the year in presentations to community organizations like civic groups, service groups, scouts, business groups, libraries, and religious organizations.

If you have a shopping mall nearby, ask permission to set up a working display that promotes Field Day, your club, and ham radio. Flyers, ARRL booklets, even photo display boards may bring in new members and a greater awareness of your club. You may want to partner with other community organizations such as the Red Cross, local hospitals or the National Weather Service.

You might also ask your local officials to also proclaim Amateur Radio Month in your community, a great photo op!

These are just some of the ideas that have come my way. As we head into June, I'd like to share your ideas with other public information officers, publicity chairs and officers in the Section. Please feel free to drop me an e-mail at KD9BAU@gmail.com.

Vicky Whitaker, KD9BAU. ARRL Illinois Section Public Information Coordinator

Pearl Technology STEM Camp, June 18-22, 2018

The STEM Academy is sponsored and put on by Pearl Technology, with the assistance of the University of Illinois Extension, Richwoods Township, Goodwill Industries of Central Illinois, Peoria Area Amateur Radio Club, Peoria Heights High School, volunteer Caterpillar engineers, and ISS Above Software.

Twenty-five middle school students will spend June 18-22 attending the STEM Academy held at Goodwill Commons, where they will learn about space and radio communications. The students will build Raspberry Pi computers that stream live video from the ISS. Students will also participate in a high-altitude balloon launch by building the payload with student experiments and then, use radio telemetry to track the balloon to near-space. The highlight of the academy will be when students communicate directly with astronauts on the International Space Station. The ISS contact itself will be open to students of all ages in the local area. Stay tuned for additional information in the coming weeks.

#####

The Western IL ARC invites all amateurs to a special event to celebrate 2018 as the Bicentennial for the State of Illinois.

To showcase Illinois amateurs during 2018, WIARC, in addition to the ILQP, proposes:

<http://www.w9awe.org/Challenge.html>

WIARC will coordinate with other IL stations as "Activators" to put all 102 counties on the air

multiple times during the period August 26, 2018 through December 3, 2018 (including October 21, the day of the ILQP).

Both during ILQP and during the rest of this period, activations will be coordinated through the ILQP Reflector <http://www.w9awe.org/ILQP%20Reflector.html>. "Activators" are encouraged to post plans on the reflector, and a weekly update of "Planned Operations" will be maintained on the WIARC page (link to follow).

"Activators" will upload Cabrillo or Excel log files (with the required QSO information: template available at <http://www.w9awe.org/ILQP.html>. Check the "Sample Log" tab at the bottom of the page.) Outside of the ILQP period, "Activators" are encouraged to append their calls with "/IL200" to indicate they will be uploading their logs for the event.

"Chasers" will attempt to contact all 102 counties during this period and will submit contact information on either the Excel template or .txt template provided on the ILQP website (link to follow). Both "Activator" and "Chaser" logs should be sent as attachments to n9jf@arrl.net no later than December 10, 2018.

Chasers who successfully contact all 102 counties will receive a special Bicentennial Challenge certificate.

Reach out to your membership to see who would be willing, during the period August 26, 2018 through December 3, 2018, to be "Activator Stations" for the Bicentennial Challenge detailed in the above link.

While home station activations are welcomed, we are going to need operators willing to do portable or mobile activations in order to make less-populated counties available multiple times. Activations at various times of the day and week and on various bands and modes will be needed.

Only by involving a large number of amateurs from around the state can we make it reasonably possible for stations to achieve working all 102 counties! Contacts during the 2018 ILQP (Oct 21) will automatically be registered from submitted logs. If you have questions or comments, please contact the club through n9jf@arrl.net.

See <https://illinois200.com/events/the-illinois-bicentennial-challenge-award>.

73, Jim N9JF

Nothing new posted as of June 26, 2018

APRIL 2018

MISSOURI SECTION NEWS

Cecil Higgins, AC0HA

Hello All

I would like to announce that Dale Bagley K0KY, will be stepping down as the editor of our section news. His presence will be sorely missed by all and certainly be me. Not only do I have great respect for Dale I consider him my friend and mentor. Dale will have a spot any time he wants one. We wish you all the best and good health Dale.

I just got back from the Ozarkscon QRP Conference held in Branson MO at the Stone Castle Hotel and Conference Center. I must say it continues to grow and get better with each passing year. The four corners group are the organizers of the convention and do one of the best jobs I've seen. There were forums put on by several speakers including Bob Heil with his presentation on the Pine Board Project and more. Classes to build several different kinds of kits and kit radios were put on throughout the 2 day conference. The atmosphere was fun and a lot of new projects will, without a doubt, be on the air all around the U.S. A big hand to all those that worked so hard to make the conference happen.

I hope everyone is enjoying the somewhat warmer weather and ask that we keep an eye to the sky. Severe weather season is on us.

APRIL HAMFESTS

The Ararat Shrine Hambash 2018 will be held April 21st at the Ararat Shrine Event Center 5100 Ararat Drive in Kansas City, MO 64101
For the latest information about the Hambash 2018, visit the Website: <http://www.hambash.com>. The Hambash 2018 contact person is Chester Hallberg , KØTCB 4830 West 78th Street Prairie Village, KS 66208. His Phone: 208-598-0094 and Email: chesterh4830@sbcglobal.net. The Talk-In will be on 145.130 (no PL tone)

AFFILIATED CLUB NEWS KEITH HAYE, WE0G, ACC

The Platte County Amateur Radio Group will be holding their annual cookout for for members and others in the Platte County and surrounding areas. The cookout is potluck, with the hamburgers, hotdogs, and buns provided by the PCARG. They will meet at the Northland Regional Ambulance District (NRAD) office located at 1000 Platte Falls Rd, Platte City, MO. The cookout is Saturday April 28th 11:00-3:00. We are offering an ARRL test session that morning before the cookout from 9:30-10:45. Testing for Technician, and General or Extra class upgrades available. We ask that you RSVP for testing to kc0ysy@gmail.com.

The Macon County Amateur Club President, Larry Ballew, ABOHP, has announced an extensive program of activities and projects for 2018. The MCARC will be refurbishing the Clubs Emergency Tower Trailer that is used extensively throughout the year during Field Day, The Lester Dent Special Event and several other operating opportunities. The MCARC, holds a Winter and Fall Club Operating Contest-QSO Party to encourage members to get on the air and have some fun.

Tom Hendrix, WA0E, wa0e@arrl.net, announced that the Booneville Radio Club will be hosting a Free Tailgate swap for all Ham radio enthusiasts Saturday, April 14 at 8 AM - 12 PM CDT. Hams are welcome to bring your old or new gear to sell or trade. Or just come by and see what equipment you might want to purchase. We will be monitoring our repeater 147.360 + W0BRC, if you need directions. This is our first swap meet and, hopefully, it will continue each year. The location of the swap meet is Brady Show Grounds Boonville, Missouri 65233 and this is the same location as Steam Engine show which is held each year, and is at Exit 111 off of I-70 west of Columbia.
